The style of the future NVQs are now changing, we are currently running the last NVQ 2 course in the office – if you do not possess a care qualification and want to remain working in the care industry please talk to us about the new qualification which we hope will become available to you in the coming months.

In the meantime, if you want to keep up to date with the latest information on care, please find below a very useful website which contains lots of useful information together with a number of online tutorials. If you want to access the website and don't have access to a computer, please contact the office where we can book you in to use the computer set up in the training room.
